Dear Mr. Felitti:

Re: Great Lakes Asphalt Site

I received your letter referring to the Great Lakes Asphalt Site addressed to a list of approximately 250 companies. one of the companies listed is Chase Bag which is a company that our corporation purchased in December 1990.

The letter does not indicate where the Great Lakes site is located nor how Chase Packaging Corporation may have been involved. Also, to my knowledge neither Chase nor Union Camp has any records or past history on this site.

I would like to request that you furnish me with details on the site, any records on Chase involvement, and allow time for us to examine your information so that we may answer your letter (I believe that it is dated September 4, 1991).

Yours truly,
